Art Unit: 1612

1. Claims 13-37 are pending.
2. Applicants' argument traversing the 112 first paragraph rejection for claims 13-37 has been carefully considered. While applicant does have support for the 'solid silicone composition' in the specification as indicated in the response dated 2-17-99 and 10-14-99, address directed to polyethylene '*solidifying agent*' is not found in these responses. Furthermore, there is no description of polyethylene '*solidifying agent*' as recited in the instant claims. Therefore, the 112 first paragraph rejection is maintained for claims 13-37.
3. The 103 rejection for claims 13-37 over Yoshioka (4940561) is withdrawn upon reconsideration in view of Applicant's remarks. Since PTO has held that Stepniewski's declaration has rendered the same claims unobvious over Yoshioka and the declaration is now part of the public record, the present applicants are allowed to demonstrate the patentability of these claims based on the evidence previously submitted by Stepniewski.
4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Evelyn Huang whose telephone number is (703) 305-7247.
